15th October 2026

Dear Parent/Carer

For the first time, Chenderit School is going to be participating in the Senior Team Maths Challenge at the Regional Finals, held at Lancaster Grammar School on Thursday 12th November, with the hope of earning enough points to gain a place in the National Final.

There are 3 rounds in the regional finals; Group round, cross number and shuttle round. The group round requires all 4 students to decide upon their strategy, do they work individually, in pairs or as a group to answer a series of questions. The following two round; cross number and shuttle round, requires students them to work in pairs. The team consists of 4 sixth form students, with a maximum of 2 students to be from Year 13. We have selected students based on their interest in the competition and on their previous individual Maths Challenge results.

Registration for the event begins at 1.00pm, with the competition lasting 3 hours from 1.30pm till 4.30pm. We are going to be travelling by minibus to and from Lancaster Grammar school, leaving Chenderit School at 11:30am and returning approximately at 6.00pm. We will update parents / carers with a more accurate time of arrival back at school when we leave Lancaster Grammar School, but please be available to collect your child at 6.00pm.

We are asking for a contribution of **£20** per person to cover the cost of this excursion. As per our charging and remission policy, this educational visit will only go ahead if we are able to cover the cost through voluntary contributions. Our preferred payment method is now online, via ParentPay. This can be accessed through the school website or directly at www.parentpay.com. Please contact The Finance Office if you need a ParentPay password or assistance. All payment records, instalment payments, and running balances can now be tracked online. (Cash and cheques will also be accepted). Please return the slip and payment by **Monday 2nd November 2026**.

For students to be able to participate in educational visits, school organised events or school related activities, good student behaviour is of paramount importance. If a student presents regular poor behaviours in school and/or we consider that the student presents a significant, unmanageable or unacceptable risk to the health, safety and/or welfare of that student or others on the educational visit, including the adult leaders, the student is unlikely to be able to participate.
