15th September 2026

Dear Parent/Carer

A Level Biology in Action at Warwick University on 12th November 2026

I would like to invite your child to see and hear some of Britain's top scientists, who are all working at the cutting edge of their specialisms at Warwick University.

The day also includes a **special session on exam success**, giving students practical tools and tips to help them excel. There are polls, quizzes, and opportunities to put questions directly to the speakers. We will leave Chenderit at 9.00am and should return by 4.00pm, so alternative transport home needs to be arranged if necessary.

The scientists who speak at these events about their work are carefully chosen to communicate with students of this age, in a direct and exciting way.

Students will be expected to catch up on all work missed that day.

We are asking for a contribution of **£40.50** per person to cover the cost of this excursion. As per our charging and remission policy, this educational visit will only go ahead if we are able to cover the cost through voluntary contributions. Our preferred payment method is now online, via ParentPay. This can be accessed through the school website or directly at www.parentpay.com. Please contact The Finance Office if you need a ParentPay password or assistance. All payment records, instalment payments, and running balances can now be tracked online. (Cash and cheques will also be accepted). **If your child is in receipt of 'targeted' free school meals, please indicate this on the reply slip as we may be able to support some curriculum related costs.** Please return the slip and payment by **Monday 5th October 2026**.

Students to bring a packed lunch, access to coffee shops are available. Students advised to wear comfortable shoes.

For students to be able to participate in educational visits, school organised events or school related activities, good student behaviour is of paramount importance. If a student presents regular poor behaviours in school and/or we consider that the student presents a significant, unmanageable or unacceptable risk to the health, safety and/or welfare of that student or others on the educational visit, including the adult leaders, the student is unlikely to be able to participate.
