11th September 2026

Dear Parent/Carer

GCSE Science in Action – Wednesday 20th January 2027

I would like to invite your child to participate in a science enrichment day at Warwick University, on Wednesday 20th January 2027.

Across five sessions, students explore key concepts from biology, chemistry and physics, brought vividly to life by expert speakers from academia and industry. From mind-blowing demonstrations to real-world science in action, this is a chance for students to see where a future in science can take them.

As part of the day there is a special session on exam success which will help students build the skills and confidence they need to thrive in their science exams. As part of the sessions students can expect audience participation, live demonstrations and the chance to put their questions directly to the scientists.

We are asking for a contribution of **£32** per person to cover the cost of this excursion. As per our charging and remission policy, this educational visit will only go ahead if we are able to cover the cost through voluntary contributions. Our preferred payment method is now online, via ParentPay. This can be accessed through the school website or directly at www.parentpay.com. Please contact The Finance Office if you need a ParentPay password or assistance. All payment records, instalment payments, and running balances can now be tracked online. (Cash and cheques will also be accepted). **If your child is in receipt of 'targeted' free school meals, please indicate this on the reply slip as we may be able to support some curriculum related costs.** Please return the slip and payment by **Tuesday 1st December 2026**.

Students are required to be in full school uniform, and to bring a packed lunch.

For students to be able to participate in educational visits, school organised events or school related activities, good student behaviour is of paramount importance. If a student presents regular poor behaviours in school and/or we consider that the student presents a significant, unmanageable or unacceptable risk to the health, safety and/or welfare of that student or others on the educational visit, including the adult leaders, the student is unlikely to be able to participate.
